

Capability Enhancement and Development Schemes

Remedial Coaching

The objective of introducing the Remedial Coaching Scheme was to provide additional help to the slow learners. With closer supervision and more individual attention the students are expected to perform better. Even though this process was prevailing from the inception of the college in an informal way, the activities were not recorded. Formally the scheme was introduced during the academic year 2005-06 with the release of UGC Grants - in - aid for Implementing Remedial Coaching Scheme for SC/ST students during X plan Period. The scheme continued under XI Plan (14 merged scheme) and under XII Plan (Remedial Coaching for SC/ST/OBC (Non –Creamy Layer) & Minority Community Students).

Slow learners are identified by the subject handling staffs and reported to the Heads of the Department. A time table schedule is prepared covering all the subjects and special classes are conducted during zero hours (between 3.30 pm – 4.30.p.m). In the Remedial Class, ambiguous concepts are explained, simplified notes are given, tests are conducted and attendance registers are maintained. The progress of each student is noted and necessary actions are taken. The Head of the Departments monitor the classes taken and report to the Principal. Report Cards are sent to the parents. In case any need arises parents are called to discuss the progress of their wards. At Department level books are provided for the needy students for reference.

Remedial coaching has improved the intellectual ability, communicative skill and have imparted sound basis for further academic work.
