3 Days Student Enrichment Program"

On the title
"Linux OS and it's Career Opportunities"

Date: 26.05.2021   **Time: 3.00 to 4.00 PM**   **Platform: Microsoft Teams**

Registeration Link :   https://forms.gle/pkQFVqWJphNLTsKy8

**Meeting Link   :   https://teams.live.com/meet/95550197711736**

The Department of Information Technology organizes "3 **Days Student Enrichment Program**" On the title "*Linux OS and it's Career Opportunities*". The chief guest of the session Ms.R.Subasree, presented the keynote address on "*Linux OS and it's Career Opportunities*" with clear understanding of its importance for their Linux Career. She explained an open-source operating system like Linux, Windows and MacOS, it is also used as a platform to run **desktops, servers, and embedded systems**. The **kernel** *is a core part of* the Linux system.Linux system is used to manage various services such as process scheduling, application scheduling, basic peripheral devices, file system, and more**.**

She motivated the students to do Linux certified professional is an information technology specialist who has taken exams to prove his or her proficiency in Linux. Linux is an open source operating system based on UNIX that is used to run web servers. Because of their economy, stability, and ability to handle large tasks, Linux servers are growing rapidly among companies and businesses of all sizes.

The resource person motivated the students as being a Linux Certified Professional provides extra credibility when applying for a position. Because Linux has its own knowledge base and skill requirements, being certified as an expert in this operating system adds greatly to a computer specialist's value. It is an most informative session. About 89 students and four faculty members attended the session and benefited.
