The Department of Information Technology in association with Institutions Innovation Council jointly organised a Skill oriented Program to commemorate "World Youth Skill Day" on 15th July 2024, at Conference Hall I.

The National Education Policy ensures students have the necessary skills for promising employment opportunities and entrepreneurship, contributing to the nation's economic development. It emphasises these skills alongside academic knowledge. The role of NEP in skill development is to nurture well-rounded students who can effectively adapt to varying societal and professional requirements. To highlight the importance of equipping students with skills, our department conducted two events in prior.

* **Learnathon** - a 24hrs learning event, in which the students were made to complete online courses from 10.07.2024 6.00pm to 11.07.2024 6.00pm. The event aimed to promote continuous learning skill in an innovative and collaborative manner.

* **Debugging** - on 12.07.2024, to promote coding skills which brought the students together and the coding enthusiasts to showcase their programming skills and problem-solving abilities.

Winners of both the events were awarded. 156 students of Information Technology participated in the program.
