### REPORT

The Green Initiatives & Environmental Club affiliated with the National Service Scheme and the Department of Zoology coordinated the planting of 75 herbal species in our herbal garden to commemorate the 75th anniversary of Independence Day (15.08.2022). At 11 am, The NSS and EVS club members, as well as UG and PG students from the Zoology Department, participated in this initiative. The program's goal is to plant 75 herbal saplings on our (herbal garden) campus. Madam Principal Dr. N Rajeswari launched the event by planting the first plant species. Following that, faculty and students began planting plants one by one. The program's objectives were to inspire students to reconnect with nature and learn about the effective therapeutic capabilities that nature possesses, as well as to support the cultivation and conservation of medicinal plants for a healthy future
