Report on the visit to AVM Bakery, Udumalpet on 09.02.2019

AVM bakery is an establishment that produces and sells flour-based food baked in an oven such as bread, cookies, cakes, chocolates and pastries. A group of 50 II B.Sc. Chemistry students and two teachers visited AVM Bakery on 09.02.2019. During our visit we saw how biscuits (ghee biscuit, salt biscuit), different varieties of cakes, bread (milk bread, wheat bread), coconut bun etc. are made.

The bakery workers explained clearly the finer details like ratio of water, flour, vanaspathi, sugar, salt etc. and what flavouring agents, colours, emulsifiers and other additives are used. Students were very happy to know the details of baking and enjoyed their visit to the maximum.
