

STUDENT INDUCTION PROGRAMME 2019-2020

DEPARTMENT OF INFORMATION TECHNOLOGY

Visit to a landmark / Tourist Spot

Places: Arulmigu Patteeswarar Swamy Temple and G.D Naidu Museum

Date: 03-09-2019

Under the student Induction program , the first year students were taken to the Historical Places.

Session: I -Arulmigu Patteeswarar Swamy Temple

Timing: 9.30 to 12.00

The senior Gurukul Mr. Nataraja explained about the Historical, Religious and Cultural importance of the temple. He also enlightened on the Sculptures of the temple.

The students were educated on the regional history of Kongu and how archaeology serves as a main source to trace the history. They too were well informed on the preservation of the sculptures.

Session: II -G.D Naidu Museum**Timing: 2.30 to 4.30**

GD Naidu Museum displays the life's work of G D Naidu. He was also known as the Edison of India. He is credited with developing India's first indigenous motor. The museum houses many interesting inventions and discoveries including the famous electric motor.

The G.D.Naidu museum and industrial exhibition in Coimbatore contains an impressive collection of various electrical/electronic/scientific devices and gadgets that has been in existence since very early years to the recent times. The visit to this museum made the students familiar with the different types of film cameras, projection TV's, ball point pens, floppy disks, calculators, type writers, PA systems, printers, and many many more devices that were used right from 1930's/40's till today!
